

Float Your Boat

Supplies: Half of an egg carton, construction/parchment paper, toothpick, bowl/tub of water, markers, scissors, tape

Time: 15-20 minutes

How to: First, cut the egg carton in half, the bottom piece will be your boat. Cut out a piece of construction/parchment paper in the shape of a triangle or flag and color/design it. Then, tape the flag onto a toothpick and stick the toothpick into the egg carton and see if your boat will float!
